ACCELERATOR DAO LIGHTPAPER

- **Our mission statement:**

Our mission is to help web3 startups to grow and achieve their goals. We want to build a community-driven organisation that is clear about its roadmap and goals. Our DAO is decentralised and transparent.

- **Our values:**

We value transparency, community, and decentralisation.

- **Our goals:**

Our goal is to create a safe haven transparent community for investors and founders. We want to help invest in projects that have a clear path to decentralisation and that have a clear use case for their token. We want to build a community-driven organisation that is clear about its roadmap and goals.

- **Our budget:**

Our budget is the amount of money that we have raised from investors and everytime there is any transaction we get a fee on that.
We will use Q to make decisions about how to spend our money. We will make sure that our spending complies with the rules that we have set.

- **Our Startup acceptance policy:**

In Accelerator DAO only startups that agree to the constitution will be able to join

All startups must have a clear path to decentralisation and use case for their token

All startups must have a community

All startups must have a roadmap

All startups must be building the infrastructure for web3

- **Our governance structure:**

Our DAO is decentralised and transparent. We will use the Q governance system to manage our finances and set rules.
We will have a panel of experts who will help us to set parameters and make decisions.
We will use the Q governance system to enforce the rules and validate the parameters.

- **Our dispute resolution process:**

We will use the Q governance system to resolve disputes:
All disputes should be submitted to the Accelerator DAO panel of experts.
The panel of experts will review the dispute and make a decision.
The decision of the panel of experts is final.

- **Consequences**

If someone tries to make a decision that is not in line with the constitution, they will be slashed

If someone tries to change the constitution without the approval of the majority, they will be slashed

Constitution:

1. All investments made by the Accelerator DAO must be made with the intention of furthering the development of web3 infrastructure and applications.
2. All investments made by the Accelerator DAO must have a clear path to decentralization and a clear use case for their token.
